

KNIGHT ORC CLUES

COPYRIGHT © LEVEL 9 COMPUTING 1987

This clue sheet starts with four alphabetical lists of things from Knight Orc: general hints, objects, creatures and people, and places. Look down the appropriate list to find what you want to know about; then turn to the answers corresponding to the bracketed numbers after it. Note that when words in the answers have capital letters, this usually means that they can be referenced in turn.

- 841** E.g. if a creature is doing something too quickly. See (404).
- 842** The program will automatically select your best weapon, if you have one. Some spells are useful, too. See (723), (765) etc.
- 843** Put it where it fits. See (852).
- 844** Push it. If you find this difficult, see (838).
- 845** Examine it to learn details of (741). Can't read it? See (856).
- 846** Move instantly in stated direction, almost wherever that takes you. The important use is to use this to reach (545).
- 847** Examine it to learn (744).
- 848** Rubbish left after the joust. Use the objects which are here.
- 849** Creates a Broadsword. See (694).
- 850** Traps target's feet in sticky mud.
- 851** 'Hit someone' for a single blow, or 'Attack someone' to enter an ongoing aggression situation. Make sure the enemy is smaller than you. See (842).
- 852** Put (62) in (222) to open (274) and learn (759). See (875).
- 853** Use to open the Tomb.
- 854** Gives a clue about target's thoughts.
- 855** Give it to the Valkyrie.
- 856** Exorcise the spell on it first.
- 857** Inscribed on it are the details of (747).
- 858** Slows target. See (841).
- 859** Good at killing trees.
- 860** Drop it to learn (738).
- 861** She will follow. Repeat this until you're a long way from the Bridge and almost out of Treasure. Now drop your remaining silver and run back to the Bridge. When there, see (898).
- 862** Command someone else to do this, too.
- 863** If only it were bigger. See (771).
- 864** Only works when you know every spell. Then see (874).
- 865** The landlady of the Inn is famous for "Old Mrs Wallops Original Formula Orcs Blood Tonic" which is, alas, not to found in this game. It is said to have a unique flavour, but no survivor has been willing or able to disclose the details.
- 866** Very tasty! Give to the Dragon, so you can sneak past.
- 867** You need his Lasso. To knock him down, see (250).
- 868** A human player, see (368). To avoid them, see (16).
- 869** Clean it to learn (732). Having problems cleaning? See (862).
- 870** Wear to keep warm.
- 871** The idea is to get a nice, simple effect which promises a lot of potential, hence the almost-empty trellis, and that will look really good for exactly a month. See (893).
- 872** In the area where you start.
- 873** Let her steal something from you. Then move away. See (861)
- 874** Cast it at yourself to earn promotion and the right to recruit the (425). If you have, congratulations on getting this far:
- 875** Command the Troll to carry out the actions involving the Coin, while you go south and await results.
- 876** Just beyond the Exit.
- 877** Do you live in a field? See (887).
- 878** A good example of why, if buying a house near flowing water, you must find out for certain where it is flowing from.
- 879** This is 'The rock that floats'.
- 880** Below the Bridge. See (889).
- 881** Marvellous people. Dirty, untrustworthy, violent and evil.
- 882** In the ugly Castle, on the other side of the Drawbridge.
- 883** Home.
- 884** It seems incredible that, when a company donates money to UK education, such teachers react by to boycotting their products.
- 885** Think about the Mud, Plaque and Frog.
- 886** Versions of this can be found in both parts of the game.
- 887** Shut that door.
- 888** On opposite sides of the Road. See (897).
- 889** Pull the Rope. Doesn't achieve anything? See (862).
- 890** Too many cooks spoil the Broth.
- 891** Flowing north-south down the middle of the part 2 landscape.
- 892** In the Mountain: east, north and east from the Archway. If you have a headache, see (834).
- 893** Then the bedding plants stop flowering, the trees shrivel and the roses get terminal greenfly. But it's no longer your problem. Grindleguts would approve!
- 894** Where humans gather to buy beer. You'll find the (258) here.
- 895** Bracknell.

- 896** There IS something here. See (877).
- 897** Tie any rope to them to dismount the (370). Open the Door and enter the Lair. Now see (290).
- 899** From the roof you can see everything, see (575). Keep away from the knight.
- 900** Many hands make light work.
- 901** Hidden in the Mountain. See (913).
- 902** Be careful of the Hunter! Look at the Signposts, see (888)
- 903** See details of Grok, Oink and Brainz.
- 904** Look under the bed, catch the Mouse. See (914). Then see (181).
- 905** Say hello to Grok. See (770).
- 906** The half-Coin looks like a half-Moon and confuses it.
- 907** Trigger the 'foyer alarm'. Ugh. The Foyer is past the red Line.
- 908** See (742).
- 909** Consider Rapunzel. See (668).
- 910** Lead it to the Dragon, so they can fight.
- 911** Outwit the Hermit, Orc-fashion, and rob him. See (646).
- 912** Tastes delicious.
- 913** Cast Jump to reach there.
- 914** Every time the Mouse escapes, wait for it to return and put something in the escape route to block it. See (928).
- 915** Take everything here.
- 916** Cut them to lower the Drawbridge. See (729).
- 917** Bypasses many obstacles as, once drunk, no one can see you... Unlike Old Mrs Wallops Tonic; when drunk, you can't see anyone (865).
- 918** In part 1, only Denzyl will obey your orders. For the second part, see (929), '.
- 919** You are Grindleguts the orc, as described in Peter McBrides' introductory short story. Your initial aim is to escape over the broken viaduct to orc mountain. See (8) for more details.
- 920** A flying necrophile, who exists only to collect dead bodies and transport them to Paradise for resurrection.
- 921** Wandering about aimlessly in all parts of the game.
- 922** Don't accept his offer; he cheats. Do something slightly different instead. See (939).
- 923** Deadly. But deal with the man and you deal with the horse.
- 924** Don't eat her special fudge.
- 925** In a winding tunnel in the Mountain, roughly SE of the Archway.
- 926** When thrown, turns into a deadly bolt of lightning.
- 927** Defeat the Green Knight, then take them. See (922).
- 928** Close the door and try to catch it again. See (941).
- 929** Creatures must be subdued (956) and then recruited (225), before they will obey your orders; though 'beings' created by magic will obey automatically, see (333) and (335). You need the abilities of some of the following creatures to finish the game: (324), (337), (380), (404), (425) and (437).
- 930** A good weapon, but probably not worth the trouble of keeping.
- 931** Examine its Inscription to learn a spell, see (750).
- 932** Once through the Joust, see (632), you need to find where things are. See (575). Next, the idea is to use 'find' and 'run' to dash about, collecting bits of Rope to tie together. See (683). Finally, you need to cross the Viaduct, see (560).
- 933** Don't open it unless prepared for a lightning bolt. See (948).
- 934** A bit irrelevant, really.
- 935** For beer. Leave it in the Inn.
- 936** If you command it to move about, you get a report of wherever it goes - without any risk to you. See also (945).
- 937** A poetic clue to a spell name. See (750).
- 938** Fly above the Acid. Notice that Button? See (844).
- 939** Hit the Horse. Then take the (224) and run away.
- 940** Not in this game.
- 941** Drop the Sack for it to hide inside. Then see (949).
- 942** Somewhere around. Use the find command.
- 943** Part of the green Horse, but see (351).
- 944** A brand of toothpaste, I think.
- 945** Send it into the Mousehole, to find what is hidden there.
- 946** The Coin matches the Recess. See (852).
- 947** Heats the Grate. See (123).
- 948** Wear some things to earth the current, see (28) and (30).
- 949** Listen to what it's saying, see (723). Then recruit it; you'll need its help later, see (6).

- 950** One of the main puzzles of Knight Orc is something you should NOT do: i.e. make a map. As you'll realise if you try mapping, only the named locations have puzzles - see (4) for details -and it's a waste of time to map the whole game. The interior areas (of which the Mountain is the largest) are small enough to "map" in your head. Finally, please note that future Level 9 games will not need detailed mapping, either.
- 951** This is metal and trails on the ground. See (964).
- 952** The exit from 'Paradise'. You can't enter, except when dead.
- 953** Not in this game.
- 954** The 'real' appearance of game scenery. Wear the Visor to see it's more conventional appearance. See (8).
- 955** Avoid fighting; See (3) to escape. Pun away a lot. Then, later in the game, learn and use the Shield and Cure spells.
- 956** Subduing a creature involves catching it, see (404); getting past its defences, see (324) and (437); or proving your worth. See (425). Denzyl, of course, doesn't need subduing.
- 957** Wear this to be completely enclosed in metal. See (964).
- 958** To open it, you need authorization. See (158)
- 959** Is this a hundred foot long yet? If not, see (693). If so, it's long enough to span the Viaduct. See (972).
- 960** To catch it, see (914).
- 961** In the Scabbard. To remove it from there, see (614).
- 962** Beyond the Viaduct. See (654).
- 963** Has been lost, and slid away inside a small place. See (181).
- 964** With (28) and (30) together, you are completely protected by earthed metal. See (82).
- 965** Wear the Visor to see him/her in character.
- 966** Outwit the Knight, Orc-fashion. See (922).
- 967** Defeat the mad Monk indirectly. See (246).
- 968** Give a silver treasure to the Troll, as payment for crossing her Bridge. To subsequently outwit the Troll and gain entrance to her Lair, see (806).
- 969** From here, you can see all the important places in part 1.
- 970** Once you're a Magician, see (780), anyway. See also (929). Its main purpose is to solve the very last puzzle, see (997).
- 971** You need to get past the metal Door. See (958).
- 972** The idea is to throw it through the Ping (226). If you are unable to throw it far enough, see (979).
- 973** See (464) to trap the Mouse, and use the (333) to discover what's hidden in the hole.
- 974** Very scenic.
- 975** Learn all the spells (690), recruit all the useful creatures (929) and get everyone to the Exit. See (985).
- 976** He won't go outdoors without protection. See (245). Get him to dispose of bothersome Humans, and then take his smoke to (247).
- 977** Deflect the Humans' attacks with (777). Then see (88).
- 978** The Line stops artificial creatures leaving, until it is deactivated (992).
- 979** Tie the Rope to the Spear and throw this.
- 980** Take everything and keep it.
- 981** Prove a tactile equivalent for walls. See (8)
- 982** The Vampire attacks unless you've got the (116). Groan.. But see (685) for game background. Lure another creature inside, to be told about (729).
- 983** Open the Door to reach the Troll's Lair. See (968).
- 984** How should I know?
- 985** Get (324) to the Sensor to trigger it, deactivate the red Line (992) and go to the Foyer. Then see (997).
- 986** See entries for the individual objects, creatures and rooms you find here. See also (545).
- 987** Outside the Orc Lair, where you want to be. See (962).
- 988** A smoke detector. To trigger it, consider bringing the (324).
- 989** His Ball and Chain are actually quite useful. See (951).
- 990** Read the Panel to learn a spell. See (726)
- 991** A spell is described here. See (735).
- 992** Command the Troll to open the Hatch, look inside it and put the Mouse inside to chew the wires.
- 993** The original coin-op machines were excellent.

- 994** All humanoids in this game are wearing Visors, but this is the only one that we are concerned with. When worn, it alters the appearance of objects to correspond to the magical scenario of the game. When removed, you see 'reality'. See (1009).
- 995** Needed for recruiting creatures. See (11).
- 996** Xenophobes who hate Orcs. Keep clear.'
- 997** Command the Troll to put the Rainbird in the Kiosk, so it can peck the button there.
- 998** Carry it to open a Door, see (83). To get it where you need it, see (855).
- 999** Visit the Roof of the Keep, and open the Drawbridge to get to the Chest.
- 1000** Attach to the Rope. See (959).
- 1001** Remove your Visor in the Forest (492).
- 1002** The way out of the game: your destination. See (985).
- 1003** Eat it very carefully.
- 1004** South and east-ish of the Acid Pool.
- 1005** See entries for the Grate and Bedrooms.
- 1006** Where the Valkyrie takes you - remove the Visor.
- 1007** An obstacle, unless you fly.
- 1008** Just scenery.
- 1009** To avoid you accidentally reading the game background, it has been encyphered. To read it, simply replace each letter by the following one: thus "dwznokd" means "example". If you do read this section, please don't tell new players about it.
