

Paintball Wizard is a hypertext style game written and illustrated by Doug Egan, copyright 2023.

Players who are new to TWINE, or need help learning this game's unique interface, may want to play the tutorial. The tutorial can be accessed from the left sidebar at (almost) any time during play.

Fairly early in the game, a mechanism is introduced for obtaining hints. Talk to other characters when they appear in the concessions area. These conversations will provide a series of progressive, in-game hints.

If you have additional questions about the game, email the author at [dougegan2@gmail.com](mailto:dougegan2@gmail.com), or visit [intfiction.org](http://intfiction.org) the interactive fiction community forum.
